

L04 - Part 1

Patterns.java

```
public class Patterns {  
    public static void main(String[] args) {  
        for (int i = 0; i < 7; i++) {  
            for (int j = 0; j < 7; j++) {  
                if ((i + j) % 2 == 0)  
                    System.out.print("X");  
                else  
                    System.out.print("_");  
            }  
            System.out.println(); // this is to move down a line after a row  
        }  
    }  
}
```
